

# 2300SZ

SINGLE NEEDLE LOCKSTITCH ZIG-ZAG, DROP FEED

The 2300SZ is the industry standard for light-to-medium duty zig-zag and straight sewing. 2300SZ's are used in homes, schools, for appliqué work, and in industrial applications.

The 2300SZ owes its popularity to its versatility and ease of use. It will go from sewing numbers on a team jacket, to producing dancewear, to making dress shirts. And because it runs at a slower speed, it will do finer detailed work.
