

3500SD

SINGLE NEEDLE LOCKSTITCH WITH DIRECT DRIVE

Experience the advanced sewing technology of the 3500SD. Energy-saving direct drive technology eliminates the need for sewing belt replacement and provides precise speed control with automatic needle positioning, making sewing easier for beginners and experts alike. The 3500SD can handle a wide range of light to medium-weight fabrics with ease.

The 3500SD single needle lockstitch with direct drive sewing machine provides users with complete control and unparalleled convenience. With this machine, precise step stitching can be achieved at the touch of a button. Regardless of one's level of skill or the nature of the sewing task at hand, the digital speed control allows for seamless adjustment of the sewing speed.
