

5500SD

AUTOMATIC THREAD TRIMMER SINGLE NEEDLE LOCKSTITCH SEWING MACHINE W DIRECT DRIVE

The 5500SD Single Needle Sewing Machine is designed to enhance productivity and flexibility. It features an automatic thread trimmer that can consistently trim threads of different thicknesses. The machine also comes equipped with a digital control panel that offers innovative capabilities, such as automatic back tacking, programmed stitch patterns, stitch limiting, and slow start. If you're looking for an industrial sewing machine with advanced features, the 5500SD is the perfect choice.

The 5500SD sewing machine is equipped with Direct Drive technology, which eliminates the need for a belt and offers better speed control. It also positions the needle in the down position, saving time and making it easier for even novice sewers to achieve professional results. This versatile machine can handle a wide range of light to medium-weight fabrics.
