

7200DB

DIRECT DRIVE DRAPERY BLIND STITCH

The 7200DB drapery blindstitch hemming machine is made for drapery workrooms that are sewing medium to heavy weight fabric, with or without blackout.

Specially set up for drapery hemming, the 7200DB with direct drive technology and "thread nipping device" (to allow easier removal of the hemmed fabric) offers the whole package. A smoother, more precise sewing experience with outstanding build quality and reliability.
