Important Update: Tariff Surcharge on Sewing Machines and Parts

Apr 9th, 2025

Dear Customers,

We are writing to inform you about recent changes in U.S. Government tariff policies that are increasing our supplier costs. To adjust our prices for these changes, we may be charging a **Tariff Surcharge** on our sewing machines and related products including spare parts.

The Tariff Surcharge varies by product, as tariff rates differ for each machine or part. This surcharge will be automatically calculated and **clearly displayed during checkout**, whether online or over the phone, so you'll know of any additional costs before completing your purchase.

For backordered or special ordered items that may incur a Tariff Surcharge, we will notify you of any additional costs before processing your order, so you're fully informed.

We are doing our best to handle this situation and **appreciate your understanding**. If you have any questions, please feel free to contact us.

Thank you for your continued support.

Sincerely,
Jacksew Team
